BOOK SYNOPSIS

Which country has the most beautiful girls in the world? If you passed through Budapest International Airport in recent years, you'd swear it was Hungary. The Hungarian Tourist Board ran video advertisements just a few years ago proclaiming Hungary had the most beautiful girls in the world. It was hard not to laugh a little at such an ad playing on repeat while you were being patted down as you passed through the transfer gate at the Budapest International Airport. It was also hard not to get a little excited. Does Hungary live up to such a bold claim? Many would agree. Not only are Hungarian girls friendly and beautiful, they are also intelligent. Hungary has one of the highest rankings, per capita for both Nobel laureates winners and Olympic medals. Its also home to world class thermal baths, goulash (its served as a soup, not a stew), and the Rubiks cube. Oh...and of course there are also beautiful girl everywhere you look. Sunshine A (Met Art and Playboy), Melinda (Hegre), Fedra (Femjoy), and Rene Star are all names you might recognize her by. Shes one of the most popular girls to come out of Hungary in recent years. Its easy to see why. Shes a statuesque classic beauty thats 100% natural. Her 100% natural beauty is on display throughout the book youre about to see. And unlike the famous Hungarian baths that requires swimsuits, most of the pictures are clothing free. Just like the Rubiks cube (another Hungarian invention) shell have your attention for hours and keep you head spinning like a helicopter blade (also Hungarian). P.S. If youre a fan of Eastern Europe and spy genre films and literature you might be familiar with the excellent film Tinker Tailor Soldier Spy which is based on the book of the same name. The books author, John le Carr, is one of, if not the most, prolific spy novelists ever. We visited the location of the opening scene where Jim Prideaux meets with the the Hungarian general who wishes to defect. The location, Pörizsi Udvar / Brudern-ház, is currently under construction. Even offers of beer and money couldnt convince the security guard to allow us quickly enter the construction site for even as much as a simple snapshot. Fortunately we were able to get a shot at another location from the film, Fishermans Bastion. P.P.S. Over 500 free photo downloads included with purchase.
